5. Procedure

- 5.1 A complaint or appeal can be received through any of the following source:
- a. Telephone
 - b. Fax
 - c. Email
 - d. Website
 - e. Letter
 - f. In person
 - g. Auditing
 - h. Client
 - i. Technical
- 5.2 After receiving complaint or appeal from any of the above source, it is recorded in the Customer Complaint Log (PHDA/REC-10). Complaint Officer will note and update the Log Book. All possible required information will be gathered from customer in case of any ambiguity. If it is simple in nature then Compliant Officer will resolve and notify the customer but if it is relevant to certification then it is forwarded to Manager Commercial, who is responsible for making all necessary investigations along with support documents and then case would be submitted to Appellant Forum for further analysis and decision.
- 5.3 Compliant and appeal will resolve within 10 days of receiving and decision on that appeal & complaint will be communicated to the complainant and appellant.
- 5.4 Appellant forum Committee will review, analyze, and investigate the complaint & appeal by raising Corrective Action Request (CAR). The CAR is then directed towards relevant officer/department/allied unit for investigating the root cause and taking corrective action with a deadline. Where forum recommends, a request may also be sent to the reference lab for testing purpose. The concerned department will find out the root cause of the complaint & appeal, suggests and takes corrective action and informs the Manager Commercial. The remedial measures taken by the concerned officer/department/allied unit is reviewed / evaluated. If, as a result of such evaluations, the complaint is found to be justified, the certificate holder will be required to compensate for the damage caused under the relevant provisions of the contract.

5.4 Evaluation of the Effectiveness of an Appeal & Complaints:

To determine if appeal & Complain has been carried out successfully, the following is considered by the appeal & Complain committee:

- a) The speed of the appeal & Complain actions;
- b) The time taken to retrieve the certificate from client;
- c) The accuracy and traceability of records relating to the problems and its location in the certification process;
- d) The accuracy of identification of the problem in the certificate;
- e) Management of any adverse publicity; and
- f) Development of an action plans to manage and implement any system deficiencies that were identified

5.5 A formal notice is given to the appellant/complainant at the end of the process. Customer feedback is obtained and filed.
